

ASK FMS

Your Wizard-Driven Reporting Solution

FMS II

Mitchell Humphrey’s **ASK FMS** tool is an easy-to-use Query and Reporting solution that enables FMS II system users to follow a “wizard-driven” step by step process to build a query and produce a report. The tool is an ideal option for those FMS II users who are more “casual” users looking for a quick and easy way to pull and report on FMS II data.

ASK FMS features automatic links to FMS II tables, so users do not need to know the names of tables or how to link to them in order to get the data they want. Reports can be produced in a standard report layout, in label format, graphical format, etc. Plus, reports can be easily exported to MS Excel, PDF, etc.

With **ASK FMS**, users are able to address a large number of query/reporting requirements including *Vendor Labels*, *Accounts Payable Check Registers*, *Outstanding Balances by Customer*, and much more.

AP Check Register
 Check Date is greater than or equal 10/1/2007
